Special Screening Mammography Cash Pricing

PHS Radiology is proud to support Breast Cancer Awareness Month by offering special discounted pricing on screening mammograms for patients without insurance coverage.

\$99 – 2D and 3D Mammography (Tomosynthesis) - Includes full 3D imaging and radiologist interpretation.

\$69 – 2D Mammography - Includes 2D imaging and radiologist interpretation.

Offer valid during the month of October

Any screening mammogram scheduled in October at this special rate will be honored through the end of 2025 — even if your exam date is later in the year.

**Special pricing applies to patients without insurance.
Insurance typically covers annual screening mammograms.**
